ABOUT Dr. V. KRISHNAMURTHY EDUCATIONAL FOUNDATION

Dr.V.Krishnamurthy Educational Foundation manages the 105 year old National College, and the 93 year old SETHA IYENGAR MEMORIAL HIGHER SECONDARY SCHOOL at Woraiyur, Tiruchirapalli. The Foundation extended its scope to primary and secondary education through the **Rajam Krishnamurthy Public School (CBSE)**, Tiruchirappalli from the academic year 2019 – 2020. Dr.V.Krishnamurthy Educational Foundation is headed by Mr.Jayakar Krishnamurthy & **Mr.K.Raghunathan**

The Foundation established the Dr. R. KALAMEGHAM CENTRE FOR STUDIES ON INDIAN CULTURE AND HERITAGE, where Sanskrit education is being imparted to those interested to learn the ancient language. This centre's objective is to uphold and educate students in ancient values and philosophies of this great land and to propogate the ancient Sanskrit language.

IN MEMORY OF MRS. RAJAM KRISHNAMURTHY

Rajam Krishnamurthy, wife of Dr.V. Krishnamurthy was born in 1932 in Tamilnadu. As a daughter of a school teacher, education was always close to her heart. She was a learner throughout her life. She was of the view that learning is not confined to particular age and one is never too old to learn something. Her stress was on holistic education which is not restricted just to academics but which encompasses different levels of physical, emotional, mental and spiritual development.

She believed in the concept that the human being is multi-dimensional and needs an all-round development of personality. She was particularly passionate about educating girl children and had supported many young girls and boys during her life time to secure a good education. This school is a tribute to her life long efforts to ensure that education is accessible to all strata of society and to her belief that holistic education is a foundation that no child must be denied.

ABOUT RAJAM KRISHNAMURTHY PUBLIC SCHOOL

Rajam Krishnamurthy Public School (RKPS) is born out of the accumulated heritage of a century of educational experience and national spirit embodied in the prestigious institution popularly known as NATIONAL COLLEGE, Tiruchirapalli, which was founded in 1919. The National College alumnus includes among others MR.R.Venkataraman, the Eighth resident of India and Padma Vibhushan, Dr.C.Rangarajan, Former Governor RBI and Former Chairman Economic Advisory Council to the Prime Minister.

RKPS initiated its educational journey from the Academic Year 2019-2020. Today the school provides education from PRE KG to Class 10. In the ensuing academic year the school will commence classes 11th& 12th. With the century old National College already standing as a strong edifice to support the aspiring students, the child who enters our school at the Nursery level will have the opportunity to pursue their chosen field of higher education in Arts, Commerce or Science up to Post graduate levels within the same campus, adhering to the highest standards of education amidst the best of infrastructure.

OUR VISION

To be a world class educational institution providing holistic education ensuring all round personality development of the students to enable them to thrive as a global citizen in this multicultural, pluralistic society embracing the richness and diversity of our culture.

OUR MOTTO

AMRUTHAM TU VIDYA(KNOWLEDGE IS ETERNAL)

Knowledge is the only weapon which destroys ignorance; it is knowledge which takes one to the highest wisdom; it is also the worthiest asset for any human being. Hence, knowledge is known as the sacred AMRUTH – “THE DIVINE NECTAR”.

In the ancient Indian system of education knowledge was imparted through interaction with the learned Teacher, who most probably acquired it through intuition, by being one with Nature. The knowledge that passed on to the student was not ordinary; it was the Eternal Knowledge, the one which fulfilled all the requirements for a successful life.

It is possible to impart Eternal Knowledge in a present-day school, by incorporating its four main components, namely

- Preparation
- Inspiration
- Leadership
- Realization

The system of education should **PREPARE** the student with necessary fundamentals to receive the knowledge.

It must **INSPIRE** not only the student but also the teacher to effectively involve themselves towards the goals.

The student must be guided, supported and counseled at every stage to become a **LEADER**.

The system should make the student **REALISE** his /her true potential by channelizing his/her inner urges towards an integrated personality in due course.

Thus, a child educated in the above manner would be armed with knowledge , both practical and intuitive , which would make his / her life – journey fulfilling.

RKPS , TIRUCHIRAPALLI, is an edifice built on these four pillars of ancient wisdom

OUR AIMS AND OBJECTIVES

- Provide modern facilities for learning and ensure an environment in which students are challenged to seek care academically, socially, physically, artistically and spiritually.
- Provide an environment where all students and teachers feel welcomed, respected and trusted.
- Provide balanced importance to academics, computers, physical education and performing and visual arts and also integrate them with each other in a planned manner.
- Provide quality education in a constantly changing world by combining the current techniques in curriculum, learning and teaching styles with the traditional educational approaches.
- Ensure highly effective and committed teachers who are constantly encouraged to develop their own professional skills and provide quality teaching, coaching and mentoring focused on improving student performance.
- Ensure that the teachers and students realize that learning is a life time process and inculcate in them the desire to learn.
- Develop basic life skills among students which form the foundation for a sound education like reading, numeracy, communication and research methods.
- Develop, improve and nurture thinking skills among students.
- Enable students to reach their full potential by developing their self-esteem and their innate talents taking into account each one's individual differences.
- Inculcate in students a sense of responsibility and self discipline.
- Ensure an atmosphere of cooperation and consultation among all members of the school and the parents.
- Understand, learn and take pride in the rich cultural diversity and history of our ancient land and its value systems.
- Ensure that **"LEARNING IS A JOY"** because what you learn with joy remains with you lifelong.

RESPECTED SECRETARY'S MESSAGE

Dear Parents,
Greetings!

We welcome the new academic year with gusto!

It holds much promise and there is a lot coming up for all to look forward to. "Our Vision is to develop a student community of life long learners that demonstrate skills, knowledge and values required for global citizenship to make the world better."

At Rajam Krishnamurthy Public School, we nurture the children as learners, inculcate values and equip them with the necessary skills that will help them to evolve as confident and smart global citizens. Our child-centric approach is aimed at holistic development of students. In addition to academics, we also emphasize on physical, mental and personality development of the students through various sports, art & culture, music and social service activities—in order to develop global leaders for tomorrow, who will be empowered to think out of the box, act with conviction and lead effectively. We are committed to setting up a world class International School with state-of-the-art facility, using high technology and with symbiotic relationship with the environment. We invite you to explore this opportunity and be part of the significant journey driven by long term vision and passion.

I strongly believe in the philosophy of "AMRUTHAM TU VIDYA" (Knowledge is Eternal). Knowledge is the only weapon which destroys ignorance. It is knowledge that takes one to the highest wisdom. It is also the worthiest asset for any human being. Hence, knowledge is called as sacred – A motto which all of us at Rajam Krishnamurthy Public School stand for. At Rajam Krishnamurthy Public School, we are committed to nurture and help the students evolve as confident and self-reliant individuals, thereby helping them to win. We at RKPS extend our good wishes to you all and look forward to another fantabulous year ahead!

Yourstruly,
Shri Raghunathan

PRINCIPAL'S MESSAGE

**"We will take a hand open a mind,
touch a heart shape the future..."**

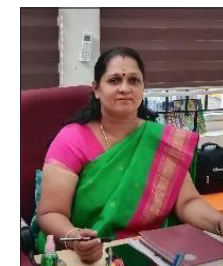

Excellence, courage and integrity; these are the three fundamental qualities of Rajam Krishnamurthy Public School. A school's foundation is laid by its students and its well-rounded faculty. I have always dreamt of developing a school where a child can acquire quality education and lessons for life. Character building and instilling moral values is the pivotal role for a school. I aspire to bridge the gap between school and college education.

Education cannot be gained in a couple of days. It takes years of hardships, and education and knowledge is imparted best in course of time with fun learning lessons and activity based learning. This student friendly curriculum not only involves classroom teaching and taking assessment exams but multifaceted development where students undergo research tasks, scientific discovery, innovative thinking and curiosity to learn more.

The school is guided by eminent educationists and experienced teachers who are fully devoted to bringing in positive changes in the school from time to time and creating a congenial atmosphere suitable for the all-round development of the students. Our endeavor is to make the students good human beings and worthy citizens. We have the best of all the necessary infrastructure such as a well-stocked library, fully equipped composite Science laboratories, Computer lab, Mathematics lab, Hi-tech Smart board class rooms, Robotics lab, Medical Aid room and English Language lab, etc. To fulfill our curriculum goals, Rajam Krishnamurthy Public School is a gateway for students to excel in their professional life.

Wishing you all the best for the New Academic Session 2023-2024.

ADVISOR'S MESSAGE

*"If you are planning for a year,
sow rice; if you are planning for a decade,
plant trees; if you are planning for a lifetime,
educate people"*

Schools have a huge responsibility to not only provide academic excellence, but also to empower students to be lifelong learners, critical thinkers, and productive members in this dynamic global society.

Here, at RKPS, we create a holistic, student-centric environment, for students to develop a multifaceted personality, and channelize their potential in the pursuit of excellence. RKPS management takes utmost care to ensure that the talents, skills, and abilities of each student is identified and nurtured so that he/she can reach greater heights. In order to achieve this, students are provided with a platform to think, express, and exhibit their skills. This empowers them to overcome problems that they might face, with the teacher being a facilitator. We at RKPS, strive hard to inculcate in students, strong values combined with scholastic and co-scholastic activities, transforming every student into a self-reliant and independent citizen. This strong foundation helps students become responsible and contribute to the society, of which they are an integral part and nurture into balanced and strong adults who can face the challenges of tomorrow and shoulder responsibilities in all walks of life. The supportive atmosphere provided at school, help them gain confidence to set achievable goals and to move forward purposefully and have the pleasure of watching them realize their dreams. Our curriculum is up-to-date and activity-based with a primary focus of involving every student in the learning process. We are constantly improving our teaching methodology, keeping the best interest of students in our minds, to make learning a pleasurable experience. With constant support from parents, we are confident that our students will excel, in which ever field they may choose, and be a pride to our great nation.

PLEDGE

India is my country and all Indians are my brothers and sisters. I love my country and I am proud of its rich and varied heritage. I shall always strive to be worthy of it. I shall give my parents, teachers and all elders respect and treat every one with courtesy. To my country and to my people, I pledge my devotion. In their well-being and prosperity alone, lies my happiness.

OUR CURRICULUM

As the famous quote by Benjamin Franklin goes, “Tell me and I forget; Teach me and I remember; Involve me and I learn”. We, at RKPS follow the practical way of learning by involving the children through our Learner Oriented Interactive Curriculum (LOIC) which aims at bringing in ‘Developmental Appropriateness. The best academic institutions are not those that produce simply excellent results, but those that churn out good citizens imbued with traditional values alongside modern life skills, through balanced training of the whole individual. They encourage the personality to imagine even the impossible and venture out to achieve the same. RKPS is thus dedicated to take in a child and send out a scholar.

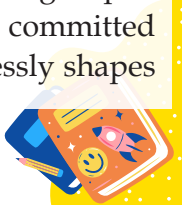

a) X SEED (Curriculum which is NEP 2020 and CBSE aligned for classes Pre KG to 2)

The school follows the XSEED curriculum XSEED is a proven and research based academic program that builds thinking skills & problem solving abilities in children. It follows ‘Learning one concept a day’ pattern in each subject which helps the child learn at a healthy pace through the year. The XSEED curriculum is time-tested in building a strong learning foundation, better grades, and true confidence in children. It is simple, and complete. Every period on the timetable runs this way. Everyday! All resources are linked to this. All tests are linked to this. XSEED’s Five-Steps-Method, which makes all the difference, comes with structured learning goals and curated activities which prompt an increase in student questioning, participation, practices and assessments to reinforce learning.

- The School follows the CBSE curriculum and uses NCERT text books for Classes 3 to 10.
- The School has state of the art Labs: Math Lab, Science Lab, Computer Science Lab & Robotics Lab
- The School teaches and incorporates the Finishing School concepts thereby ensuring that that the child learns the life skills.
- The School is in the process of commencing a Montessori play school for children between the ages of 2-4
- Health Care Services - The School provides one of the best health care services through Apollo Shine foundation.

OUR STAFF

RKPS ensures safe, secure and joyful experience in the process of learning helped by passionate and Knowledgeable educators. Only a passionate and committed teacher can make a difference in a child’s world. Such a teacher effortlessly shapes

up the student's life through his/her patience , love and care, not to speak of the appropriate knowledge .Our well -trained teachers would mentor not only the student, but also the parent where required and become role models. We, RKPS believe that

**ONE book, ONE pen, ONE child,
And "ONE teacher"
can change the world .**

SPORTS DAY

Playing games keeps one pretty much in the pink of physical health and Sports Day is obviously an important event in the life of every school student. Sports have a vital role in making a student physically as well as mentally sound.

Various competitions are conducted among the houses viz., RUBY, EMERALD, SAPPHIRE and TOPAZ marking the occasion. The ultimate aim of celebrating sports day is to make the students realize their sporting dream. It serves as the ideal launch pad for great many careers. Every child can be successful at one sport or another. Giving children the opportunity to try a much wider variety of sports increases participation levels, widens the talent pool and helps young people lead a healthier and more active life. Sports daycelebration provides a great platform to the students to showcase the spirit of sportsmanship. The entire event is an amazing experience to the students and parents. Sports day channelizes the abundant energy of the students in the right direction and helps to discover their interest in outdoor game.

PARENT ENGAGEMENT POLICY PARTNERING TOGETHER

5 Important Facts About Parent Involvement

1. Parent Involvement boosts students Achievement.
2. Parent Involvement is actually a better predictor of academic success than standardized test.
3. Parent Involvement is defined as “any variety of activities that allow parents to participate in the educational process at home or in the school”
4. Parent Involvement declines as student age
5. Teachers and schools can overcome barriers to parent involvement by reaching out and building trusting relationships.

Rajam Krishnamurthy Public School is non a profit organization and our philosophy embraces partnership between home and school. Together, we educate our children. We are very fortunate to have a highly active parent community. We operate an open – door policy, where teachers are in constant communication with parents regarding children’s progress, upcoming events and special activities. Parents regularly visit classes as supporters and guest speakers and help in school events.

PARENT ENGAGEMENT AND OBJECTIVES

Parent engagement refers to all activities that parents do to help their children succeed in school and life. It includes everything from making sure that students are well prepared to go to school every day attending parent meetings and conferences, devoting their time and talent to the school and their child’s classroom activities.

Parent engagement is vital to student success. Parents are the child’s first teacher and parents are partners with teachers in the education of their children.

When parents are engaged, students receive higher grades and test scores and therefore have a better chance of graduating from high school and going on to post – secondary education.

- **When parents are engaged**, students receive higher grades and test scores and therefore have a better chance of graduating from high school and going on to post – secondary education.

- **When parents are engaged**, students have better attendance, increased motivation, better self-esteem and fewer behavioural issues so they are actually present in school to learn.
- **When parents are engaged**, they have more confidence in the school and hold higher expectations and opinions of the teachers.
- **When parents are engaged**, they feel more confident in their abilities and are more likely to continue their own education.
- **When parents are engaged**, teachers feel better about themselves and their job; this translates into higher student achievement. When teachers feel supported and valued by the parents, it serves as a morale booster.
- When parents invest in a relationship with their children’s school, the school has a better reputation in the community which increases the interest and involvement of community stakeholders.

RULES, STUDENTS’ CONDUCT AND BEHAVIOUR GUIDELINES

“Behaviour is the mirror in which every one shows their image”

-Johann Wolfgang Von Goethe

Rajam Krishnamurthy Public School believes every student must maintain a high profile in their behaviour both in and outside the class. We believe that today’s well behaved student is tomorrow’s well organized individual.

RULES AND REINFORCEMENT

1. All students must come to school on time. Those students that come late to school will be allowed only after meeting the Principal. The first time a student turns up late, he/she will be sent to their respective class but with an oral warning.
2. When a student wants to go on leave (a day or two), they should take prior permission by submitting a leave letter to their respective class teacher.
3. In the event of availing leave on grounds of sickness for prolonged periods of time, students should submit a certificate issued by a doctor stating the student's medical condition. On days when they take their examination, they are allowed to go home immediately after the examination gets over.
4. Students are advised to carry their handbook to the campus every day. All Homework details must be noted down only in the handbook. Parents are requested to check the hand book daily and ensure that the homework is completed before their wards are sent to school the next day.
5. Books, notebooks and files required for the class must be brought to the school every day as per the timetable.
6. Sharpening pencils, filling ink etc. must be done in the waste basket before the teacher enters the class. All the classrooms must be kept clean by disposing waste materials only into the trash container. Writing, scribbling and splashing of ink in the class room/ corridor walls is strictly prohibited.
7. Mutual respect for learning and right to teach policy is adopted by the school which determines that every student must listen in the class quietly without causing disturbance to the teacher or a fellow student while the session is in progress.
8. All students must communicate only in English inside the campus. Languages other than English must be used for communication in language classes only.
9. The School expects every student to maintain dignity, decorum and good behavior at all times. Ambiguous language, bullying, teasing, commenting and abusing (verbal/physical or both) is viewed seriously by the school.
10. Drinking water/ eating food inside the classroom during the instructional hours is prohibited. In case the student wishes to do so, teacher's permission must be sought and can only be done outside the classroom.

11. Students have the responsibility to intimate the class teacher if any damage to the school property has been caused by himself /herself or any other student. Any damaged done to the school property will attract penalty. Under the circumstances where the actual miscreant is not identified, the whole class will share the responsibility for the damage.
12. Pupils are prohibited from wearing any expensive ornaments, jewellery.
13. If the student is undergoing any medical treatment where use of pharmaceutical drugs are compulsory, the respective class teacher should be kept informed of the same and a copy of the prescription should be attached for reference.
14. A record of the address of the parents/guardians is maintained at school. Any change in address or phone number must be communicated to the school office without delay.
15. Parents are requested to pick their wards in person. As an alternative, some other person as authorized by the parents (with a letter of request) can be permitted to take the student home.
16. Students who avail the School Transport System are not permitted to use foul language, bully other children, throw articles out of the bus, tear eatable covers or cause any damage to the school vehicles. If found violating the rules, such students will lose the benefit of the School Transport facility and will have to make their own transport arrangements.
